Learning Outcomes:

- To have an increased awareness of the nature and properties of asbestos and its effect on health, including the increased risk for asbestos workers who smoke.
- Be familiar with the types, uses and likely occurrences of asbestos in buildings.
- Have an increased awareness of the general legislation in relation to health and safety and asbestos in particular.
- Know how to avoid the risks from asbestos by understanding:
 - where to obtain information prior to commencement of work;
 - what to do if suspicious materials are found;
 - risk assessment process; and
 - how to use appropriate workplace precautions.
- Training requirements.
